

THE ORGANIZED GARAGE BLUEPRINT™

Your Garage Doesn't Need More Space.

It Needs Structure.

How homeowners are transforming cluttered garages into clean, organized storage systems.

Purpose Built Garage Systems

WHY MOST GARAGES BECOME CLUTTERED

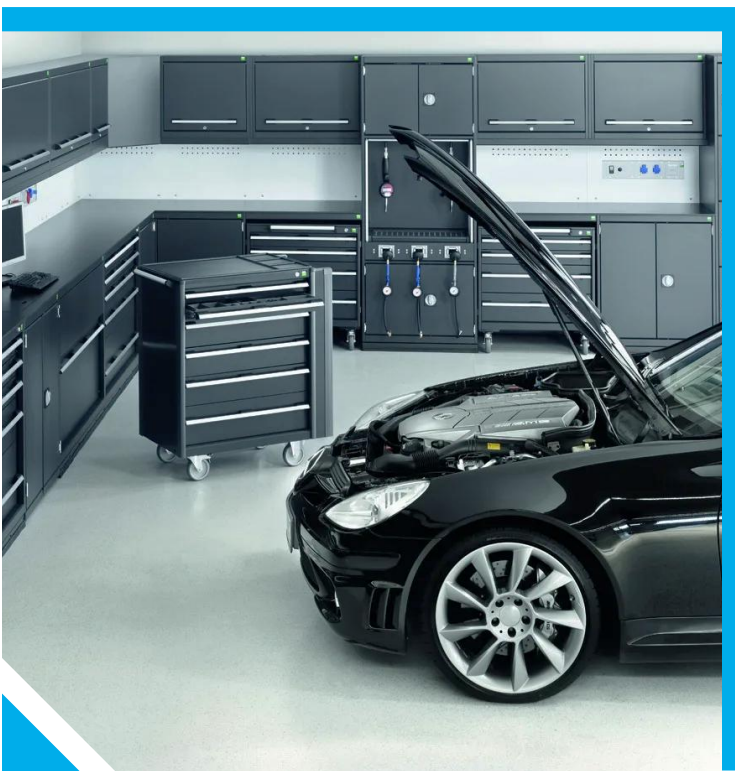

Most garages aren't initially designed to function as organized storage systems. As a result, things accumulate and become disorganized and cluttered.

- Tools get stacked on shelves
- Holiday decorations pile up
- Sports gear gets tossed in corners
- Storage bins stack higher every year

Eventually the garage becomes a space where things are stored, but not organized. And the problem isn't the homeowner.

The problem is that the garage was never designed with a system.

WHAT AN ORGANIZED GARAGE ACTUALLY LOOKS LIKE

A Well Designed Garage Feels Completely Different

- Everything has a place
- Tools are easy to find
- Clutter disappears
- Floor space stays open

THE 5 GARAGE

Organization Mistakes

These mistakes are why most garage organization efforts fail. Professional garage systems solve this by designing the space first, then adding storage.

THE SIMPLE SYSTEM BEHIND EVERY ORGANIZED GARAGE

Cold Zone

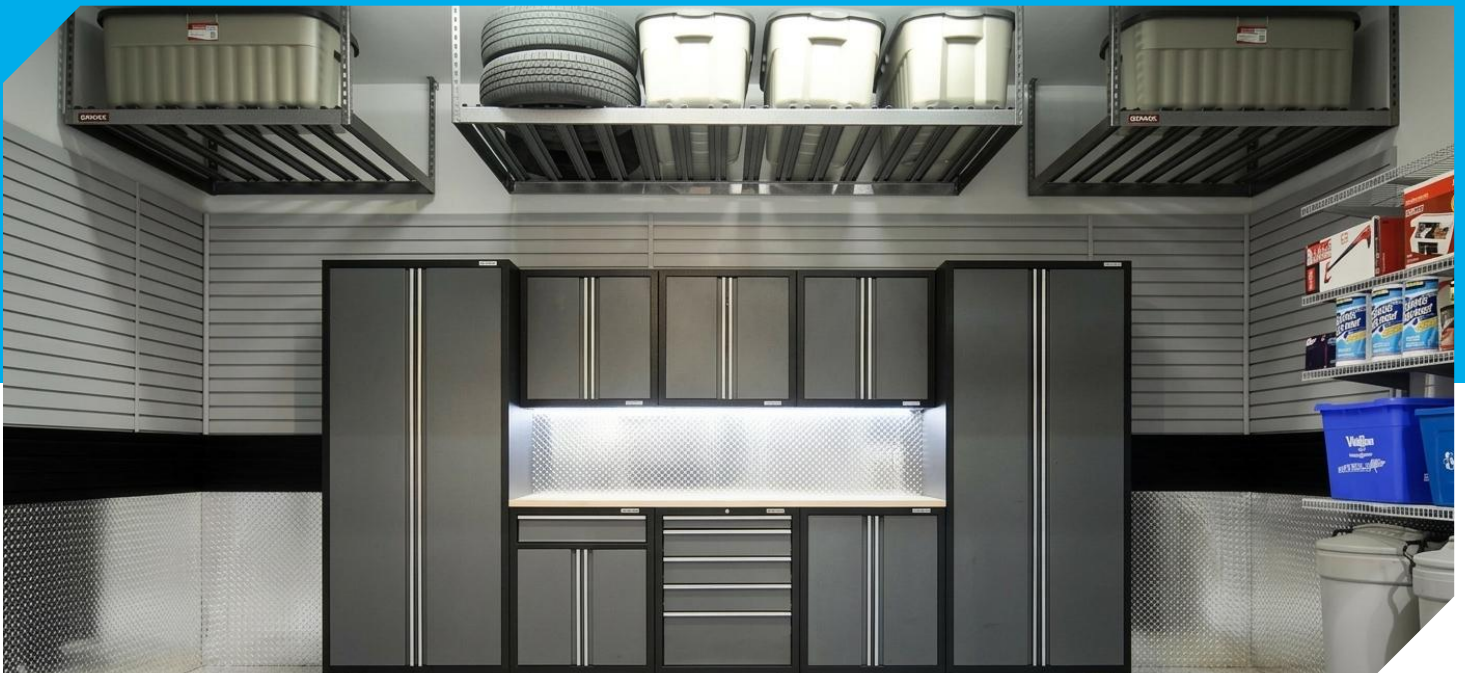

- Rarely used items
- Holiday décor, long-term storage

Warm Zone

- Occasional use
- Camping gear, automotive supplies

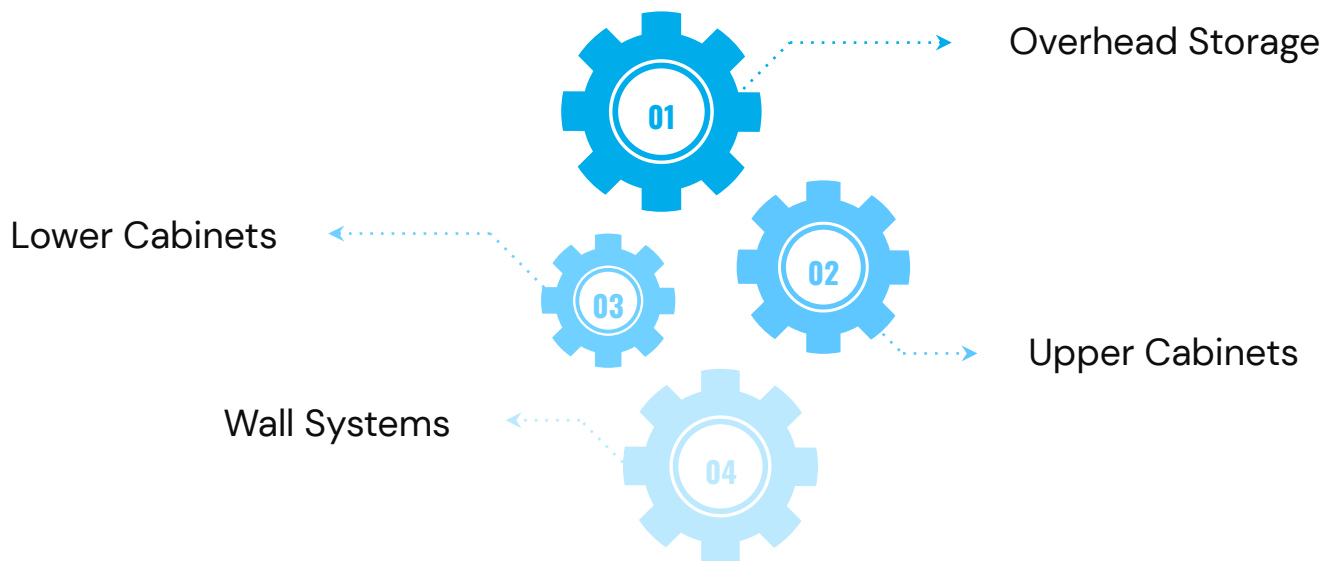

Hot Zone

- Items used weekly
- Tools, sports gear, yard tools

The Vertical Storage Method™

Most homeowners only use 20% of their garage storage capacity.

The goal of a well-designed garage is simple:

Keep The Floor Clear

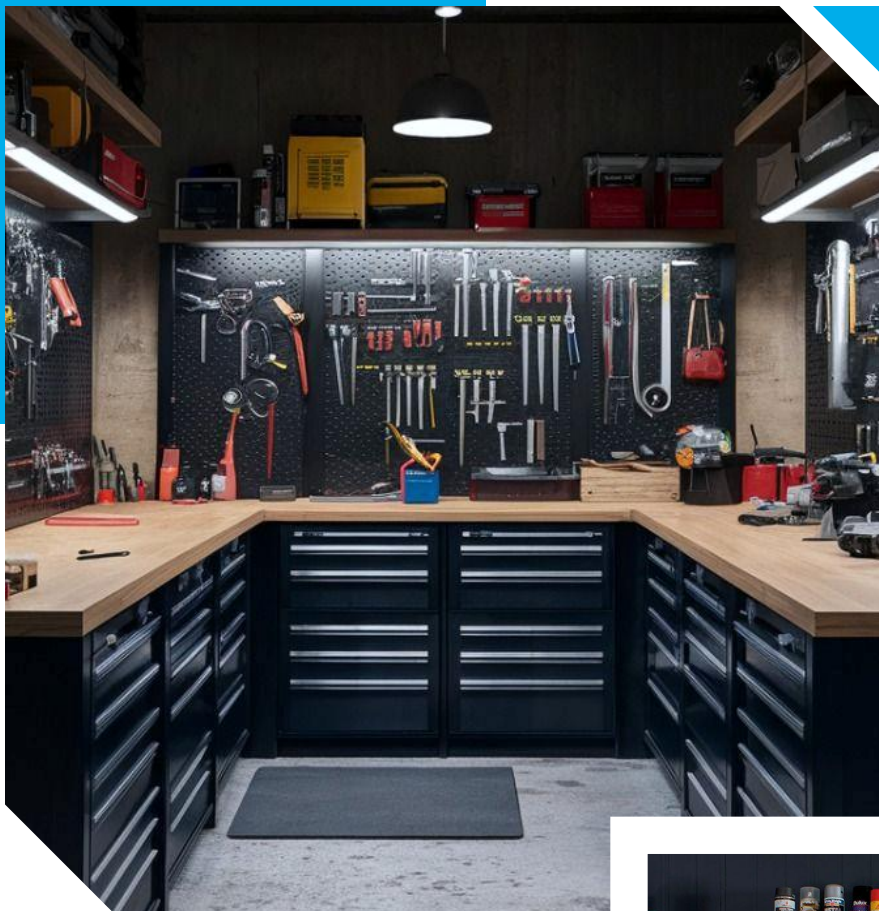

QUICK GARAGE SELF-ASSESSMENT

Is your garage experiencing any of these problems?

- Hard to find tools
- Items stacked on the floor
- Bins difficult to access
- Shelves overloaded

If any of this applies, your garage would benefit from a storage system.

YOUR GARAGE TRANSFORMATION OPTIONS

Simple Organization

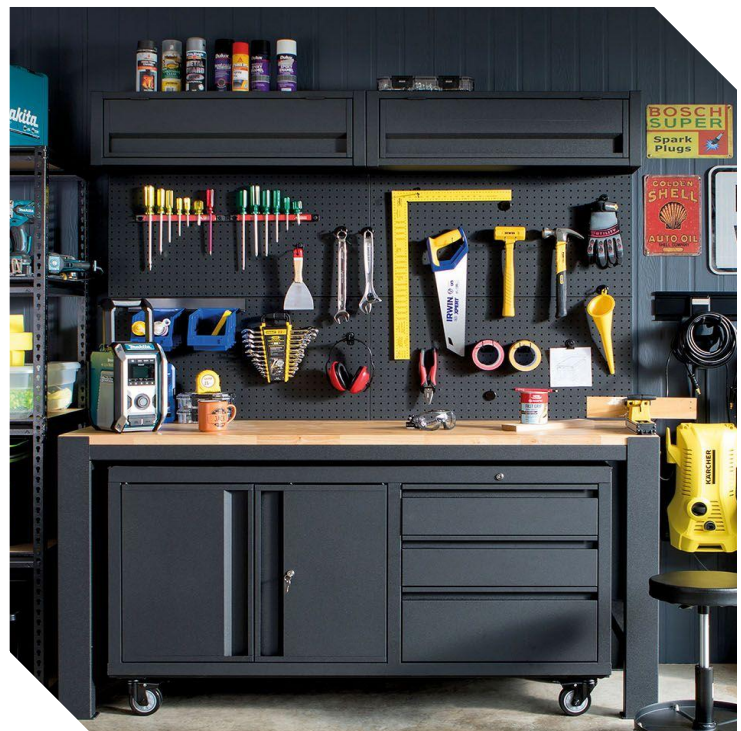

Small improvements using bins and shelves.

Targeted Storage Upgrades

Cabinets, wall systems, overhead storage.

Full Garage Transformation

A complete system designed for long-term organization.

Most homeowners eventually choose Option 2 or 3 once they see how much space a structured system unlocks.

THE 3 UPGRADE OPTIONS

Garage Reset

Declutter and reorganize the garage using professional layout systems.

Starting at \$695

Garage Reset + Cabinets

Organization + concealed storage.

Starting at \$4,495

Full Garage Transformation

Complete garage redesign.

Includes:

- Cabinet systems
- Wall storage
- Overhead racks
- Improved lighting
- Structured storage zones

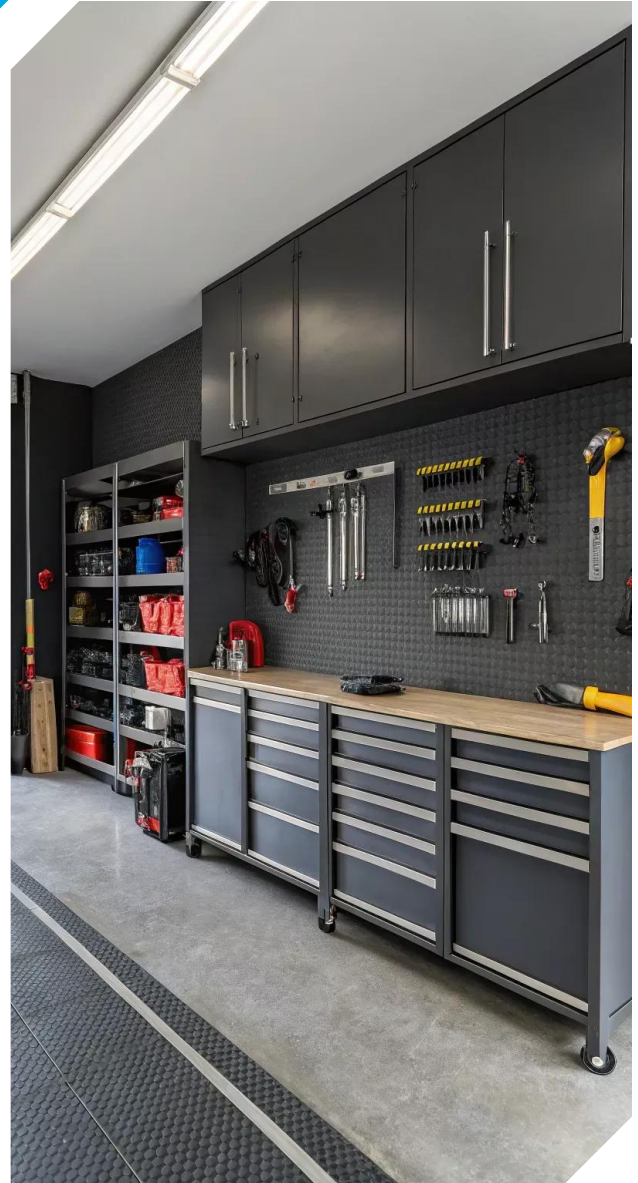

Starting at \$14,995

THE DIFFERENCE A STRUCTURED GARAGE MAKES

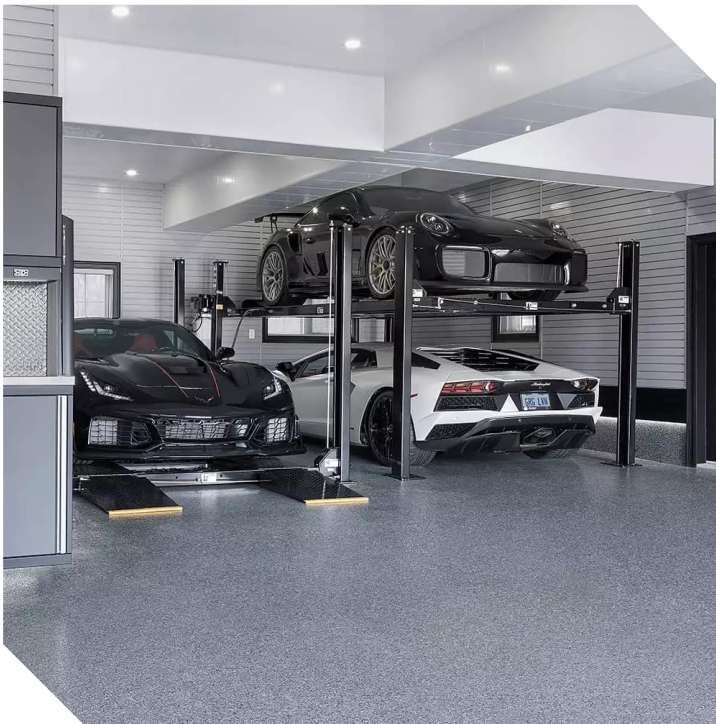

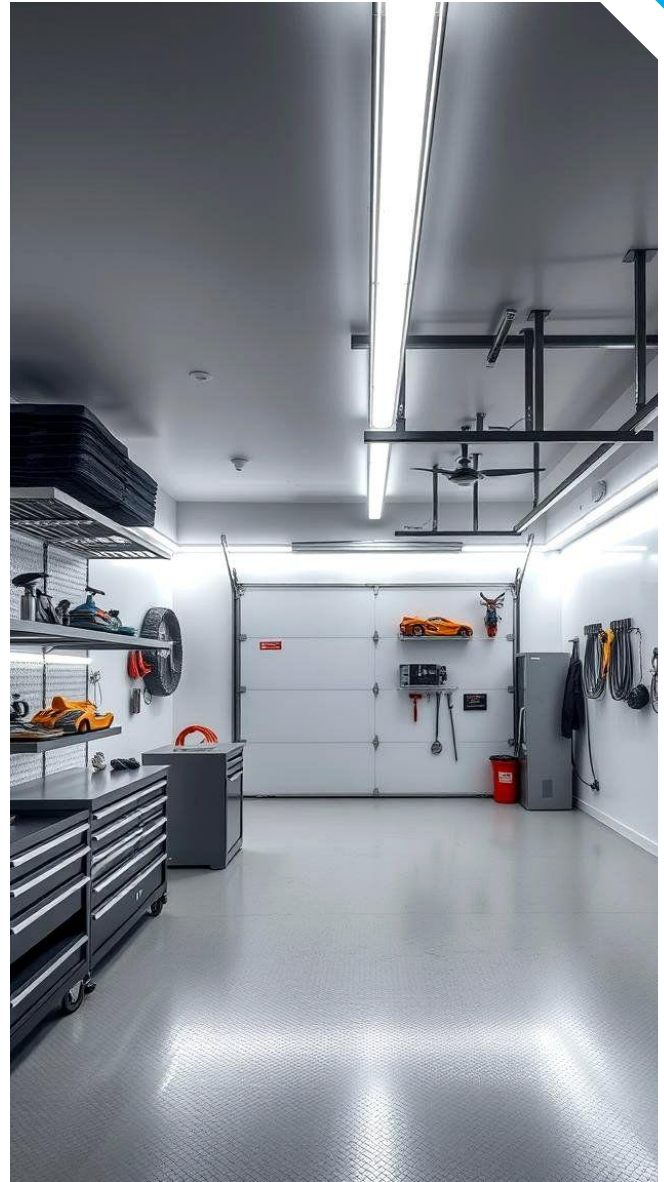

Cluttered Garage

Clean Cabinet System
Garage

WHY HOMEOWNERS CHOOSE LAYTON GARAGE CO.

- 01 Structured garage systems
- 02 Professional cabinet installations
